

COMPASSION'S WATER OF LIFE

Give a child safe
water for life!

Every day more than 4,000 children die because they lack safe drinking water. But did you know that for just \$55 you could provide safe water for a child in poverty — for life?

Compassion's Water of Life, a safe water system, goes to the heart of one of the greatest and most urgent needs in developing countries today — providing safe drinking water. Each Water of Life system generates more than 1 million gallons of safe water. That's enough water to keep a child, and his or her family, healthy for life!

Releasing children from poverty
